

Bhumik Virmani

MERN Stack Developer +918505959753 ◇ virmanibhumik17@gmail.com ◇ India ◇ LinkedIn ◇ GitHub ◇ Leetcode ◇ Gfg

SUMMARY

Full Stack Developer experienced in **designing** and **delivering scalable, reusable UI systems** and **performance-driven applications** using **React.js, TypeScript, Redux, and Node.js**. Skilled in **building internal tools and platforms** that support **process management, automation, and optimization**, with expertise in **ES6, HTML, CSS, RESTful APIs, SQL/NoSQL integration, and Angular design patterns**. Adept at **writing clean, maintainable, well-tested code** and **collaborating with cross-functional teams** to enhance **scalability, maintainability, availability, and system visibility** in **agile environments**.

INTERNSHIP

React JS Intern: [Internship Certificate](#)

June '24 - Aug '24
Noida, India

Celebal Technologies

Applied React.js and Redux in a professional environment to develop production-ready UI components.

- **Designed, developed, and supported scalable UI components** using **ReactJS, JSX, state, and props** within an **agile team environment, collaborating with Product, Design, and Business stakeholders to plan and prioritize features.**
- Built **reusable UI components** using **React.js and JSX**, improving **maintainability** and **Scalability** across modules.
- **Integrated Redux and React Router** for **scalable state** and **navigation management.**
- **Optimized frontend performance** using **React DevTools, lazy loading, and live system metrics** reducing load times by 25%.

PROJECTS

DOCTOR Website: <http://doctorlandingpage.s3-website.ap-south-1.amazonaws.com/>, [Github](#)

May '25 - Jun '25

- **Technologies: AWS S3, HTML, CSS, JavaScript.**
- Gained hands-on experience in **cloud deployment, public access configuration** and **version control**
- Hosted static site on **AWS S3** with **versioning** and **ACLs**.

REAL ESTATE: <https://brickhive.netlify.app/>, [Github](#)

Mar'25 - Apr'25

- **Technologies: Javascript, Nextjs, Tailwind CSS, SCSS, Express, Node js, MongoDB, JSON, JWT**
- **Designed responsive user-friendly interfaces** with **Shadcn** and **Tailwind**, improving engagement by 40%.
- **Developed a robust authentication system** with **JWT** and **bcrypt**, ensuring **secure user sessions** and data protection, reducing security incidents by 95%.
- Built **scalable backend APIs** with **Express.js** and **MongoDB**, supporting 10K+ users.
- **Implemented JWT-based authentication** and **form validation** using **Zod** and **React Hook Form**.
- Focused on **performance optimization, Scalability** and **cross-browser compatibility**.
- **Role: End to end development, Front End, Back End.**

JOB PORTAL: <https://elevatehire.netlify.app/>, [Github](#)

Oct '24 - Dec '24

- **Tech: Javascript, Angular, Redux, Express.js, MongoDB, Node.js, JWT, Cloudinary, Axios**
- Achieved 95% user satisfaction through **intuitive UX and fast interactions.**
- **Developed dynamic job listings** and **secure role-based login system** using **JWT**.
- Used **Vite** and **Webpack** for **faster load times** for **fast bundling** and **Tailwind CSS** for **responsive design**.
- **Role: End-to-end Development of Website, Front End, Back End.**

SKILLS

Languages: JavaScript, Java, TypeScript, Python, ES6

Cloud Computing: AWS (EC2, S3),Docker(learning), Cloud Computing Fundamentals

Frontend: React.js, Angular, Next js, Redux, Tailwind CSS, Bootstrap, TypeScript, HTML5, CSS3, SCSS Responsive Design

Backend: Node.js, Nest js, Express.js, REST APIs, GraphQL, API

Testing & Performance: React DevTools, Lazy Loading, Cross-browser Debugging, Unit Testing, Integration Testing, Regression Testing

Database Management: MySQL, PostgreSQL, MongoDB

Version Control & Build System: GIT/ GitHub, Vite, WebPack, NPM, Cloudinary, Axios, CI/CD

CS Fundamentals: Data structures and Algorithms, OS (Linux / Windows), OOPS, Networking, problem-solving abilities

Soft Skills: Collaboration, Communication, Analytical Thinking, Adaptability, Time Management, Continuous Learning,Debugging

EDUCATION

- | | | | |
|--|---------------|----------|--------------------|
| • Master's in Computer Applications | JIMS / GGSIPU | GPA: 8.6 | Jan '23 - June '25 |
| • Bachelor's in Computer Applications | JIMS / GGSIPU | GPA: 8.5 | Jan '20 - June '23 |

CERTIFICATION / ACHIEVEMENTS

- **AI in Product Management:** [Certification](#)
- **Smart India Hackathon:** [Certificate](#)
- **Oops in Java Certification:** [Coding Ninjas](#)

• Java Development, Spring, Spring Boot, Hibernate, JSP, JSTL, JUnit, Mockito, Maven, Gradle, Docker, Google Cloud, REST API, GraphQL, Microservices, Customer Needs
